

Corus Wire Rod

Online services

Endless possibilities

The user-friendly, fast and efficient way to connect to **Corus Wire Rod.**

Work smarter with Corus Wire Rod online services

Connect to Corus Wire Rod online to make working with us simpler, faster and more efficient. Ask your Account team for a personalised login id. Then visit www.coruswirerod.com and click on **Online services**.

Welcome screen

Once you have logged in you will see the **Welcome** screen. All of our online services can be accessed from here. The services are listed down the left-hand side of the screen.

At the top of this screen you can access the **Help** menu, which contains additional guidance for using the site. Click on **Contact Us** if you wish to submit any queries about the site.

Important downloads

Before using the online services you will need to download a small piece of software that enables you to view documentation on your screen. To do this, simply click on the **Download AFP Plug-in** link within the **Document system** application.

Document system

This service enables you to view copies of all documentation relating to your company's dealings with Corus. You can see images of:

- **Invoices**
- **Inspection certificates**
- **Order acknowledgements**
- **Despatch notes**

Documents are archived every 24 hours. You can either print them off for your records or rely on us to store them electronically for you.

Rolling programme

By clicking on this link from the **Welcome** screen you can view the rolling schedules for all diameters of wire rod available. You can view the information in two ways:

- **Commercial view** – shows the week in which each rod diameter is due to be rolled.
- **Scheduling view** – displays the size sequence by week.

Order progress

A range of functions are available within the **Order progress** service, allowing you to track your current orders and view data about previous transactions.

The **Specific order selection** option enables you to view orders by your order number. Simply choose which order number you want to view and click on **View selected order**.

The **Order list selection** option enables you to view orders by size, specification or delivery address.

1. Click on the **Find** button next to the field you want to select.
2. Choose the size, specification or address you want to view information about.
3. Click on the **View order details** button, or the **Coil stock summary** button to view data on all stocks that have been rolled for your business, by tonnage or number of coils.

Account status

This service enables you to monitor the status of your account with Corus Wire Rod. You can download a summary and link to relevant invoice documents.

Auto email service

In addition to our online services, we offer up-to-date order status information and documentation through our **Auto email service**. Internet access and password registration are not required. Please ask your Account team for details.

Protecting your data

Users of our online services within your business can be set up to access all of the above systems or just those relevant to their area of work. In this way, confidential information can be protected and only made visible to those who need to see it.

As an added level of protection, each password is only valid for 30 days and will expire unless it is either used or changed during that time.

Find out more

If you would like a demonstration or more information about our online services, please contact your Account Team. Alternatively, contact us directly:
